

AIRPORT TERMINAL ADDED TO RTA BUS ROUTE

For Immediate Release

March 9, 2012

HYANNIS - The Cape Cod Regional Transit Authority will begin serving Barnstable Municipal Airport's new passenger terminal on its Barnstable Villager bus route Monday, March 12.

The bus will accommodate the airport stop into the schedule between Capetown Plaza and the Hyannis Youth and Community Center, with its final destination at the Hyannis Transportation Center for Cape-wide connections. The Barnstable Villager runs hourly six days a week with the exception of Sundays.

Through the RTA Multi-Modal Group, Administrator Thomas S. Cahir and Airport Manager Roland "Bud" Breault have worked to create seamless transportation connections so that residents and visitors may travel to and throughout Cape Cod, using public transit.

Summer schedules will reflect the change. For more information, please visit
