AIRPORT PARKING ALERT

For Immediate Release

HYANNIS - The temporary parking lot in front of the current main terminal at Barnstable Municipal Airport will be closed for resurfacing for four days beginning at 5 a.m. on Monday, July 18. Motorists will have to use alternate lots along Barnstable Road, beyond the new terminal now under construction.

Here's how ticketing will work: drivers should enter the temporary lot as before, get a ticket from the vending machine, head toward the exit gate to pay and be directed to an alternate lot. There will be no need to pay again when exiting the alternate lot.

The temporary lot is expected to re-open at 7 a.m., Friday, July 22.
